From Head Of School...

Wavelength Term 2 Week 9 2013

Congratulations to the student council whose fundraising efforts are slowly but surely realising the type of improvements the students want to see in the school. In the upcoming term break the school bus will receive a well-earned facelift, the drum hut will have the leaf replaced, more substantial covers will be fitted to the drains inside the primary quadrangle and the fire safety equipment will be serviced and upgraded.

Student Reports have been generated and are currently being checked ahead of printing so hopefully these will be ready for release at the end of next week.

The recent spate of power outages hasn't helped but we have soldiered on regardless and remain optimistic of concluding the process on schedule.

All fee invoices for Term 3 have now been issued and are due on or before the first day of next term. (Tuesday 16th July). The office will be open throughout the break and it is strongly recommended that fees be paid ahead of the due date to avoid lengthy delays. It is also of great assistance to staff if the invoice can be presented at the time of payment.

There are a number of students who will be leaving us at the end of term and we wish them and their families all the very best as they move on to the next stage of their education. Hopefully they will view the change as an opportunity to add to their circle of friends. Please maintain contact with those with whom you have shared experiences while here in the Solomon Islands. It is after all quite a small world and very likely that your paths will again meet up in the future.

Enjoy the long weekend!

Greg Hollis

STUDENT COUNCIL

UPDATES

Student Council (Primary) had its first Movie Night last Saturday 8th June in the hall at W.I.S. There was a good attendance and Student Council members wish to thank all of you for your support. An amount of \$4.107.00 was raised for the school. Thank you to Mrs. Vollrath for the movie; thank you to teachers who helped on the night; thank you to Mr. Sam and Mr. Hamilton, thank you ladies in the tuck-shop for the use of your facility and thank you to Mr. Jacob for transporting teachers home afterwards. Thank you to senior Student Council members who organised a raffle for the first time. (This was won by Edward Wong who purchased approximately 95% of all the tickets). We apologise for the unforeseen stoppage of the movie just before the intermission.

For Next Time :

We wish to continue to improve the quality of movie night for you and make it an even better family night. We can only do this with your suggestions and help. Please drop suggestions into the box in the office. We would be interested to hear your opinions on the following matters:

- 1.) Would you like to know in advance the name of the movie, would you like it to be announced before the night?
- 2.) Perhaps you have a suitable family movie of your own that you particularly wish to share?
- 3.) Would you like us to organise some sort of a family meal prior to the movie?
- 4.) Do you have any other suggestions that would enhance the evening for us all?

So what is happening with all this money we are raising?

The leaf on the drum hut roof is being renewed. Thank you to Mr. Eddie for ordering bundles of leaf from his home village in Gela and then sewing them up at school for us. The roof is being repaired with an increased quantity of leaf (the leaf panels will be put on the roof with less space between) to make the roof long lasting.

- 1.) The nets for the soccer goals have now been repaired and handed over to our P.E. teachers.
- 2.) We have a project underway to sew up nets for the small soccer goals.
- 3.) We are researching rugby posts for our rugby games.

Thank you for your continued support to Student Council as we continue through the year working to make a difference in our school. -

From Student Council Primary.
